PROFESSIONAL SUMMARY

Results-driven final-year BBIT student at JKUAT (graduating August 2026) with hands-on experience building full-stack platforms, AI-powered tools, and data pipelines tailored to the Kenyan digital economy, complemented by freelance graphic design and branding work for clients. Adept at integrating M-Pesa/Daraja APIs, designing REST backends, and applying machine learning concepts to real-world SME and fintech challenges. Seeking opportunities in AI/ML engineering, software development, and data analysis where I can deliver measurable impact.

TECHNICAL SKILLS

Languages: vanilla JavaScript (ES6+), TypeScript, SQL, HTML/CSS

Frameworks: Node.js/Express, React, React Native (Expo), Next.js

Data: MySQL, MongoDB, PostgreSQL, Google Sheets (advanced), data cleaning & visualisation

Cloud & DevOps: Vercel, Render, EAS Build, Git/GitHub, REST API design, Supabase

Integrations: M-Pesa Daraja API, Africa's Talking (SMS/USSD), Cloudinary, Safaricom ecosystem

Graphic Design & Tools: Canva (advanced), Figma (basics), Microsoft Office 365, Graphic Design, Videography

Currently Learning: AI/ML concepts & tools, Large Language Models, AI application development

CERTIFICATIONS

Entrepreneurship & Innovation | Ivey Business School (Canada) · delivered at JKUAT2023
Intensive program delivered on-campus by Ivey faculty, covering entrepreneurial thinking, business model innovation, and opportunity identification in emerging markets.

Start and Improve Your Business (SIYB) | AICAD · African Institute for Capacity Development, JKUAT
Jan 2026

JICA-sponsored entrepreneurship training covering business idea generation, business plan development, and building market-driven, sustainable ventures.

KEY PROJECTS

This Is Margs — Wellness Brand Website | Freelance 2025

- ▶ Designed and developed a full website for a wellness brand client using HTML, CSS, and JavaScript.
- ▶ Delivered a clean, responsive layout aligned to the brand's identity and user experience goals.
- ▶ Source code: github.com/simonmwangiaweru/this-is-margs

SimpleSurvey — Full-Stack Survey Platform | Pre-Interview Task · Sky World Limited2025

- ▶ Architected a three-tier system: Node.js/Express REST API, React/Vite web app, and React Native/Expo mobile app.
- ▶ Delivered a production-ready APK via EAS Build and authored full client handover documentation.

- Managed MySQL schema design, JWT authentication, and dynamic survey logic end-to-end.

Kazi Mtaani — Informal Worker Marketplace | Final-Year Project · JKUAT 2024

- Designed and built a web platform connecting informal workers to employers using Node.js, Express, and MongoDB.
- Integrated Africa's Talking for SMS/USSD access, M-Pesa escrow payments, and Cloudinary for media handling.
- Deployed on Render; produced full five-chapter project report, system diagrams, and defense presentation.

Shoe Store E-Commerce — Next.js + Supabase | Freelance 2024

- Delivered a full project plan, tech stack recommendation (Next.js, Supabase, Vercel), and M-Pesa Daraja integration roadmap for a Nairobi retail client.
- Prepared KES-denominated pricing proposal and phased delivery milestones.

EXPERIENCE

Freelance Graphic Designer & Marketer | Parksby (Nairobi Parking App) 2025 – Present

- Produce 5 branded social media posters per week aligned to Parksby brand guidelines (green #34a853, Inter font, Oatly-inspired copy).
- Developed 27 ready-to-use copy concepts and a scalable Canva-based content workflow.

Team Leader — Marketing & PR Portfolio | AIESEC Kenya 2025 – Present

- Lead a team driving membership marketing, social media campaigns, and event promotion for ThriveCon KE 2026.
- Manage Google Drive/Sheets-based PDP tracking for team members and report to VP on KPIs.

IT Support Intern | KEFRI · Kenya Forestry Research Institute 2025 (3 months)

- Provided IT support across departments, handling hardware/software troubleshooting, network connectivity, and user assistance.
- Gained hands-on experience in enterprise IT environments and systems administration.

Graphic Designer | AIESEC Kenya 2024

- Designed marketing materials, social media graphics, and event promotional content for AIESEC Kenya chapters.
- Created branded visuals using Canva aligned to AIESEC global brand guidelines.

Videographer | Calm Online 2024

- Shot and edited promotional and social media video content for Calm Online, covering filming, editing, and post-production.
- Collaborated with the team to produce engaging visual storytelling aligned to brand goals.

Student Entrepreneur — Campus Amplify | JKUAT 2024

- Co-founded a zero-capital venture offering custom poster and video ad services via Canva to campus clients.
- Achieved net profit of KSh 500 within the first operating period with a four-member team.

EDUCATION

Bachelor of Business and Information Technology (BBIT) | JKUAT, Nairobi Expected Graduation: August 2026

Reg. No: HDB212-0256/2022 · Key coursework: AI (HBT 2404), Auditing of Information Systems, Production & Operations Management, Entrepreneurship Skills

ACHIEVEMENTS

- ▶ Hackathon finalist — Biashara AI concept recognised for real-world SME applicability in the Kenyan informal economy.
- ▶ AIESEC Team Leader — selected to manage Marketing & PR portfolio at national level.
